## MESSAGE FROM THE PROGRAM COORDINATOR

Hello everyone, I am honored to be on the board this year as a program coordinator with other wonderful members!

I am from Tokyo originally, and have lived in Nepal and Hong Kong when I was a child. I had a chance to join a summer program in the States while I was in university and experienced what an American university lifestyle was like. These experiences have definitely broadened my world. I found it interesting to learn different languages and cultures and got interested in Japanese culture as well.

CCEA is a great place where you can meet people from all over the world, learn and experience many different kinds of things. I am so grateful that my friend introduced CCEA to me and I could be a part of it.

Time flies and we only have two more General Meetings this year and then the Holiday Luncheon is just around the corner! I look forward to having fun time together with you all!

Sincerely,  
Sakiko Kato

## SPECIAL GUESTS

For our General Meeting in October, we will be honored with the presence of two special guests: Geiko Mameka san and Maiko Makoto san. They will teach us about some traditional dance and answer your questions that we have collected regarding their lives as Geiko and Maiko. It's always a very exciting time to be able to see and approach Geiko and Maiko.

Due to their special status in Japanese society and in order for CCEA to conduct the meeting as smoothly as possible, we would just kindly ask you not to take selfies with our guests during and after the meeting. No worries, we will make sure to take group pictures with everyone at the end of the meeting! Also, please make sure not to get too close or touch

Geiko or Maiko's kimono.

Thank you so much for your understanding.

## SNEAK PEEK NOVEMBER

In November, we will have a workshop to make an origami paper wreath. As many of you already know, origami is the art of making figures by folding paper. Colored sheets of paper which are cut into a square shape are used for origami. We fold sheets of paper into various figures such as birds, animals, and many other things without using scissors or glue.

We will be making a paper wreath this time as we thought it would be nice to add some Japanese taste to your Christmas decorations in your home.

Please come join us and make your own origami paper wreath!
